## PORTRAITURE

Dear Parents and Guardians,

2020/21 School Picture proofs are back! You should find them in your child's backpack in the next few days.

When you get your proof sheet, **look for the url and passcode** to better see and purchase your photographs. There are usually more images than what's on the proof sheet. You may 'add on' any item of any photograph after you have purchased a package. If you would like digital images of all the photographs, please contact the studio. **We can offer the digital purchase of the entire gallery at a discounted price of \$100. This includes a paper class composite.**

This offer is only for the entire gallery.

You'll notice that there is no envelope attached to the proof for cash or checks. If you feel more comfortable paying this way, please just circle the package you would like and write the jpg # (under the photo you wish to buy) on the paper and return to the school in an envelope by December 3rd.

**As of now, there will be no retakes.** We may be able to offer something in the spring for those who missed picture day, it all depends on circumstances currently out of our control. You will find one photo in the gallery of your child in their mask to mark the unusual year.

**The due date for all orders is December 3<sup>rd</sup>.**

If you order after December 3<sup>rd</sup>, the lab charges a \$10 late fee. The lab has to process late orders separate from the bulk. It costs extra for being late. All orders will be delivered to the school.

Finally, if your child missed picture day and would like to be added to their class composite picture, please email us with a closeup picture (at the waste) and we can add them to the class composite. Please include full name, teacher and grade in your email. Cell phone pictures are fine.

Thanks!

Any questions, contact the studio 973-377-5750.
