

## Face Mask

### Directions For woven face mask

March 24, 2020

Fabric to be soft woven cotton breathable open fabrics

Fabric cut 2 of each either adult size 9x6 or kids size 7.5 x 5

Cut elastic 1/8" flat elastic two 7" for adult & two 6" for kids

1. Take 2 pieces of fabric pin right sides together

2. Start in the middle of the of the bottom seam. Sew with a straight stitch 2-3 length. Stitch  $\frac{1}{2}$  -  $\frac{3}{8}$  from edge.

When you get to the corner where you are you to turn insert the elastic to be facing inside the mask. You will see the raw edge of the elastic sticking out about  $\frac{1}{2}$ "- $\frac{3}{4}$ " Sew the corner and turn. When you get to the 2<sup>nd</sup> corner repeat the same. Continue to the 2<sup>nd</sup> side of the mask repeat adding in the elastic to the first then the 2<sup>nd</sup>.

**Very important** as you near the place where you started leave a 1  $\frac{1}{2}$ " or 2" opening.

3. Turn the mask inside out. Pin the opening you left securely. Topstitch  $\frac{1}{4}$ - $\frac{1}{2}$ " all around the mask.

4. Tuck time!! Make 3 tucks on either side of the fabric in between the elastic sides, pin these tucks in place.

When you proceed to the 2<sup>nd</sup> side make sure they are turned the same way. Topstitch these tucks.

5. Finished!!!! Bravo, you will help people more than you realized. Thank you!!!

6. If you have any questions I can facetime you. 908-578-8561
